

Delivery Master

from

The Systems House, Inc.

The Systems House, Inc.

Shipping

- MDS WMS has two methodologies available– for customers who deliver via
 - Customer owned trucks (Delivery Master)
 - Third Party Shipping systems (UPS, FedEx)
- Either approach generates shipping papers, bar-coded carton labels and ASN's as result of shipping operation

PDA Handheld

Delivery Master

- Shipping manager reviews truck loads and adjusts routes and stops (initially assigned from customer profile) based upon schedule, truck loading etc.
- Paper manifests as a backup if needed

Routing Information on each Order :

Benefits of Deliver Master

- Improved delivery service
- Ability to capture signature when packages are delivered.
- Ability to determine that all packages are delivered because each package is scanned onto the truck and off of the truck.
- Ability to keep history of all packages delivered by customer and driver.
